 Ngawang Choje Rai

### About me

I am Ngawang Choje Rai, a unique blend of a programmer and an artist. My passion lies in creating designs and exploring the technological universe. My ambition is to create Xceed Studio, a technological and creative titan that aims to revolutionize the creative industry in Bhutan. I am committed to turning this vision into reality. This is the future I am diligently working towards.

### Education

#### Specialization in Artificial Intelligence & Data Science

Gyelpozhing College of Information and Technology  
Mongar, Bhutan  
2021 - 2025

### Experience

#### Web Developer | Designer

GCIT DevForge | Sep 2022 - Present

As the inaugural Web Developer and Designer at GCIT DevForge. My tenure was marked by the successful completion of our first industry project, providing me with invaluable experience.

#### President

GCIT DevForge | Mar 2023 - Aug 2023

As the pioneering President of GCIT DevForge, I established its foundation, led a robust team of 6 executive committee members and over 40 general members, and initiated various projects. This role provided me with significant industry management experience.

#### CEO & Founder

Xceed Studio | Jul 2023 - Present

As the Founder and CEO of Xceed Studio, I lead a dynamic team of four with a mission to revolutionize creative industry in Bhutan and create one of the best creative studio in the world. This venture provided me with significant leadership and industry experience.
